February 20, 2020

- Establishes 2020 First Quarter and Full Year Guidance -

WYOMISSING, Pa., Feb. 20, 2020 (GLOBE NEWSWIRE) -- Gaming and Leisure Properties, Inc. (NASDAQ: GLPI) ("GLPI" or the "Company") today announced results for the quarter ended December 31, 2019. On a year-over-year basis, fourth quarter income from operations grew 52.0%, net income increased 148.8%, Adjusted EBITDA increased 1.0% and funds from operations ("FFO") and adjusted funds from operations ("AFFO") rose 73.3% and 3.9%, respectively. The fourth quarter year-over-year financial growth reflects GLPI's October 15, 2018 acquisition of the real property assets operated by Eldorado Resorts, Inc. ("ERI") and the impact in the fourth quarter of 2018 of a non-cash \$59.5 million goodwill impairment charge.

"The fourth quarter concluded what was another strong year for GLPI and our shareholders, as we generated durable income from our best-in-class regional gaming portfolio, strengthened the Company's financial position and increased our return of capital to shareholders," said Chairman and Chief Executive Officer Peter Carlino. "In 2019, we delivered a total shareholder return of over 42%, as our leading diversified portfolio of regional gaming assets, managed by the top operators in the industry, gains growing attention and appreciation in the capital markets for generating one of the triple-net REIT sector's most stable cash flow streams. We remain focused on opportunistically identifying and pursuing portfolio enhancing accretive transactions that meet our stringent underwriting requirements while prudently managing our balance sheet and capital structure. The GLPI team remains committed to furthering the Company's long-term record of driving attractive total shareholder returns and maximizing value in 2020 and beyond."

During the 2019 fourth quarter, GLPI shareholders received a quarterly cash dividend of \$0.70 per share, marking a 2.9% increase over the comparable period in 2018. GLPI's full year 2019 dividends of \$2.74 represents growth of 6.61% compared with full year 2018 dividends and GLPI's annualized fourth quarter dividend of \$2.80 marks a 5.31% compound annual growth rate since the Company's formation. The current annual cash dividend of \$2.80 represents a yield of 5.7% based on the \$48.92 per share closing price of the Company's stock on February 19, 2020.

Disclosure Regarding Non-GAAP Financial Measures

⁽²⁾ Information with respect to our tenants' rent coverage was provided by our tenants. GLPI has not independently verified the accuracy of the tenants' information and therefore makes no representation as to the accuracy of such information.

⁽³⁾ ERI escalator governor is 1.2x for the initial 5 years and then 1.8x in subsequent years.

⁽⁴⁾ The Belterra Park mortgage is supported by the BYD Master Lease subsidiaries and its terms are consistent with the BYD Master Lease.

⁽⁵⁾ The ERI loan bears interest at a rate equal to (i) 9.09% until October 1, 2019 and (ii) 9.27% until its maturity. On the one-year anniversary of the ERI loan, the mortgage evidenced by a deed of trust on the Lumière Place property terminated and the loan became unsecured and will remain unsecured until its final maturity on the two-year anniversary of the closing. The parties anticipate that the ERI loan will be fully repaid on or prior to maturity by way of substitution of one or more additional ERI properties acceptable to ERI and the Company, which will be transferred to the Company and added to the ERI Master Lease.

FFO, FFO per diluted common share, AFFO, AFFO per diluted common share, Adjusted EBITDA and Cash NOI, which are detailed in the reconciliation tables that accompany this release, are used by the Company as performance measures for benchmarking against the Company's peers and as internal measures of business operating performance, which is used for a bonus metric. The Company believes FFO, FFO per diluted common share, AFFO, AFFO per diluted common share, Adjusted EBITDA and Cash NOI provide a meaningful perspective of the underlying operating performance of the Company's current business. This is especially true since these measures exclude real estate depreciation and we believe that real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time. Cash NOI is rental and other property income less cash property level expenses. Cash NOI excludes depreciation, the amortization of land rights, real estate general and administrative expenses, other non-routine costs and the impact of certain GAAP adjustments to rental revenue, such as straight-line rent adjustments and non-cash ground lease income and expense. It is management's view that Cash NOI is a performance measure used to evaluate the operating performance of the Company's real estate operations and provides investors relevant and useful information because it reflects only income and operating expense items that are incurred at the property level and presents them on an unleveraged basis.

FFO, FFO per diluted common share, AFFO, AFFO per diluted common share, Adjusted EBITDA and Cash NOI are non-GAAP financial measures, that are considered supplemental measures for the real estate industry and a supplement to GAAP measures. NAREIT defines FFO as net income (computed in accordance with generally accepted accounting principles), excluding (gains) or losses from sales of property and real estate depreciation. We have defined AFFO as FFO excluding stock based compensation expense, the amortization of debt issuance costs, bond premiums and original issuance discounts, other depreciation, the amortization of land rights, straight-line rent adjustments, direct financing lease adjustments, losses on debt extinguishment, retirement costs and goodwill and loan impairment charges, reduced by capital maintenance expenditures. We have defined Adjusted EBITDA as net income excluding interest, taxes on income, depreciation, (gains) or losses from sales of property, stock based compensation expense, straight-line rent adjustments, direct financing lease adjustments, the amortization of land rights, losses on debt extinguishment, retirement costs, and goodwill and loan impairment charges. Finally, we have defined Cash NOI as Adjusted EBITDA for the REIT excluding real estate general and administrative expenses and including stock based compensation expense and (gains) or losses from sales of property.

FFO, FFO per diluted common share, AFFO, AFFO per diluted common share, Adjusted EBITDA and Cash NOI are not recognized terms under GAAP. These non-GAAP financial measures: (i) do not represent cash flow from operations as defined by GAAP; (ii) should not be considered as an alternative to net income as a measure of operating performance or to cash flows from operating, investing and financing activities; and (iii) are not alternatives to cash flow as a measure of liquidity. In addition, these measures should not be viewed as an indication of our ability to fund all of our cash needs, including to make cash distributions to our shareholders, to fund capital improvements, or to make interest payments on our indebtedness. Investors are also cautioned that FFO, FFO per share, AFFO, AFFO per share, Adjusted EBITDA and Cash NOI, as presented, may not be comparable to similarly titled measures reported by other real estate companies, including REITs due to the fact that not all real estate companies use the same definitions. Our presentation of these measures does not replace the presentation of our financial results in accordance with GAAP.
