Dec 05, 2025

WYOMISSING, Pa., Dec. 05, 2025 (GLOBE NEWSWIRE) -- Gaming and Leisure Properties, Inc. (NASDAQ: GLPI) (the "Company" or "GLPI") today provided updates on several recent progress milestones associated with four operating partners across five projects. In total, these five projects amount to approximately \$1.5 billion of GLPI capital commitments. GLPI is providing a summary of recent events related to the following project commitments: 1) Caesars Republic Sonoma County, 2) Bally's Chicago, 3) Bally's Baton Rouge, 4) PENN Entertainment's M Resort, and 5) Lone Band of Miwok Indians' Acorn Ridge.

### Receipt of NIGC Declination Letter Initiates the Funding for Caesars Republic Sonoma County

Following the recent receipt of the declination letter from the National Indian Gaming Commission (NIGC), GLPI funded its \$45 million share of the \$200 million term loan B (SOFR +900) tranche. The \$45 million participation in the term loan B is part of GLPI's broader \$225 million commitment to the project, with the remaining \$180 million commitment in the form of a delayed draw term loan, priced at 12.5%. Of the \$225 million total GLPI commitment, no less than \$112.5 million, and up to a maximum of \$180 million, will convert to a 45-year sublease, at a cap rate of 9.75%, upon or prior to maturity of the 6-year term loans.

Caesars Entertainment and Dry Creek Rancheria broke ground on the new four+ star resort in August of 2025. When completed, the resort, located just outside of Healdsburg, California, and in the heart of Sonoma wine country, will feature a premier gaming experience, overlooking the Alexander Valley and Russian River, with 1,000 slot machines and 28 table games, a 100-room hotel, four restaurants, three bars, a luxury spa, pool, and fitness center. The project is expected to be completed in the summer of 2027.

### Bally's Chicago Funding Continues

Construction activity continues on the Bally's Chicago site, with the exterior shell rising, on average, two floors per week. Following its approximately \$125 million initial funding in October, GLPI funded an additional \$76 million, leaving approximately \$739 million of remaining funding under the \$940 million commitment. When complete, the project will bring an iconic, world-class entertainment destination to the city of Chicago, featuring a 178,000 square-foot casino with over 3,300 slots and 170 table games, a 500-room luxury hotel, vibrant dining and nightlife, extensive event space, and a community-enhancing riverwalk and green space.

### Bally's Baton Rouge Set for Grand Opening

On December 6, Bally's will host the grand opening of the re-imagined Bally's Baton Rouge at the site of the former Belle of Baton Rouge. The new land-based facility, located in downtown Baton Rouge, features 25,000 square-feet of casino space, premium hotel product, multiple food and beverage experiences, a sportsbook, and a host of other entertainment amenities. As of December 4, 2025, GLPI funded \$92.5 million of its \$111.0 million commitment to this project. The incremental rental yield on the development funding, and subsequent rent post opening, is 9.0%.

### PENN Entertainment Opens M Resort Hotel Tower Expansion

PENN Entertainment announced that its M Resort hotel tower and conference space expansion in Las Vegas opened ahead of schedule, with the grand opening taking place on December 3. On November 3, 2025, GLPI funded \$150 million, at a 7.79% cap rate, in connection with the project.

### Acorn Ridge Opening Set

In September 2024, GLPI entered into a \$110 million delayed draw term loan facility, at an interest rate of 11%, with the Lone Band of Miwok Indians, to fund the tribe's new casino development near Sacramento, California. As previously disclosed, at the conclusion of the 5-year term loan, Lone has the option to convert the outstanding principal into a long-term lease, with an initial term of 25 years and a maximum term of 45 years. As of December 4, 2025, GLPI funded \$56.6 million of its \$110.0 million commitment to this project. The state-of-the-art facility remains scheduled to open in February of 2026.
