# GAMING AND LEISURE PROPERTIES, INC. REPORTS RECORD FIRST QUARTER 2019 REVENUE

### - Establishes 2019 Second Quarter Guidance and Updates Full Year Guidance -

WYOMISSING, PA. — May 6, 2019 — Gaming and Leisure Properties, Inc. (NASDAQ: GLPI) ("GLPI" or the "Company"), North America's first gaming-focused real estate investment trust ("REIT"), today announced results for the quarter ended March 31, 2019. First quarter total revenue grew 17.9%, net income declined by 3.9%, adjusted EBITDA increased 16.8% and FFO and AFFO rose 22.0% and 8.5%, respectively. The Company's results benefited from a full quarter's contribution from the October 2018 acquisitions of real property assets operated by Boyd Gaming Corporation ("BYD"), Eldorado Resorts, Inc. ("ERI") and Penn National Gaming, Inc. ("PENN"). During the quarter, shareholders received a quarterly cash dividend of \$0.68 per share, which marks a 7.9% increase over the comparable period in 2018 and a 5.4% increase on a compound annual basis since the Company's formation.

Chief Executive Officer, Peter M. Carlino, commented "During the first quarter of 2019, our portfolio generated another period of robust results across our key financial metrics. We continue to prudently manage our balance sheet and capital structure. We are as focused and motivated as ever in our thoughtful pursuit of portfolio enhancing, accretive transactions. Our tenants represent the industry's leading regional gaming operators. These relationships position GLPI to participate in additional accretive transaction opportunities alongside our tenants while we simultaneously pursue transactions for assets owned and operated by entrepreneurs and others who can benefit from a relationship with GLPI."

# Portfolio Update

GLPI's primary business consists of acquiring, financing, and owning real estate property to be leased to gaming operators in triple-net lease arrangements. As of March 31, 2019, GLPI's portfolio consisted of interests in 46 gaming and related facilities, including Hollywood Casino Baton Rouge and Hollywood Casino Perryville, which are referred to as the "TRS Properties", the real property associated with 33 gaming and related facilities operated by PENN, the real property associated with 6 gaming and related facilities operated by ERI (including one mortgaged facility), the real property associated with 4 gaming and related facilities operated by BYD (including one mortgaged facility) and the real property associated with the Casino Queen in East St. Louis, Illinois. These facilities are geographically diversified across 16 states and contain approximately 23.5 million square feet.

During the first quarter of 2019, the operating results of Casino Queen continued to decline, resulting in the anticipated acquirer withdrawing from the sales process. Subsequent offers for the operating assets of Casino Queen have declined substantially and proceeds from the sale are not expected to generate enough cash to repay all of Casino Queen's creditors. The Company has recorded an impairment charge of \$13.0 million through the condensed consolidated statement of income for the three months ended March 31, 2019 to reflect the write-off of the Casino Queen loan.

# **Disclosure Regarding Non-GAAP Financial Measures**

Funds From Operations ("FFO"), Adjusted Funds From Operations ("AFFO") and Adjusted EBITDA, which are detailed in the reconciliation tables that accompany this release, are used by the Company as performance measures for benchmarking against the Company's peers and as internal measures of business operating performance, which is used for a bonus metric. The Company believes FFO, AFFO, and Adjusted EBITDA provide a meaningful perspective of the underlying operating performance of the Company's current business. This is especially true since these measures exclude real estate depreciation and we believe that real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time. In addition, in order for the Company to qualify as a REIT, it must distribute 90% of its REIT taxable income annually. The Company adjusts AFFO accordingly to provide our investors an estimate of taxable income for this distribution requirement. Direct financing lease adjustments represent the portion of cash rent we receive from tenants that is applied against our lease receivable and thus not recorded as revenue and the amortization of land rights represents the non-cash amortization of the value assigned to the Company's assumed ground leases.

FFO, AFFO and Adjusted EBITDA are non-GAAP financial measures, that are considered supplemental measures for the real estate industry and a supplement to GAAP measures. NAREIT defines FFO as net income (computed in accordance with generally accepted accounting principles), excluding (gains) or losses from sales of property and real estate depreciation. We have defined AFFO as FFO excluding stock based compensation expense, the amortization of debt issuance costs, bond premiums and original issuance discounts, other depreciation, the amortization of land rights, straight-line rent adjustments, direct financing lease adjustments, losses on debt extinguishment, retirement costs and goodwill and loan impairment charges, reduced by capital maintenance expenditures. Finally, we have defined Adjusted EBITDA as net income excluding interest, taxes on income, depreciation, (gains) or losses from sales of property, stock based compensation expense, straight-line rent adjustments, direct financing lease adjustments, the amortization of land rights, losses on debt extinguishment, retirement costs, and goodwill and loan impairment charges.

FFO, AFFO and Adjusted EBITDA are not recognized terms under GAAP. These non-GAAP financial measures: (i) do not represent cash flow from operations as defined by GAAP; (ii) should not be considered as an alternative to net income as a measure of operating performance or to cash flows from operating, investing and financing activities; and (iii) are not alternatives to cash flow as a measure of liquidity. In addition, these measures should not be viewed as an indication of our ability to fund all of our cash needs, including to make cash distributions to our shareholders, to fund capital improvements, or to make interest payments on our indebtedness. Investors are also cautioned that FFO, FFO per share, AFFO, AFFO per share and Adjusted EBITDA, as presented, may not be comparable to similarly titled measures reported by other real estate companies, including REITs due to the fact that not all real estate companies use the same definitions. Our presentation of these measures does not replace the presentation of our financial results in accordance with GAAP.
